Subject: Fw: Proposed Wetland Sediment Sampling

Eric,

I wanted to clarify that the Gulfco wetland sediment sampling planned for this week is for the purpose of supporting the proposed Engineering Evaluation/Cost Analysis (EE/CA), and is not required under the Amended UAO for RI/FS. Please let me know if you have any questions on this.

Hi Gary –

As we discussed, attached is a letter describing the proposed wetland sediment supplemental sampling program. Please let me know if you have any questions or comments. If this meets with your approval, we are planning on starting the sampling first thing Monday morning.

Thanks.
